

eTapestry's Data Enrichment Services

As your prospect and donor pools grow, it can get more and more difficult to keep in touch with each individual. You could be up against old addresses, outdated phone numbers, missing donor information, etc. But you'll need this data to be accurate in order to ensure that your efforts will have a meaningful impact — whether you need to research prospects, invite potential donors to events, create direct marketing pieces, thank donors, and more.

Our Data Enrichment Services can help you ensure that you get the most out of your cultivation efforts. Our services are designed to keep you in touch with your supporters and better target your appeals, while also saving production and postage costs. We can help you avoid wasting time and money on efforts that lead to dead ends.

- **Subscription to the National Change of Address (NCOA) on a quarterly schedule:** \$1,185
